I have a basic knowledge of C programming gained at udemy.com. I got a certificate for this achievement

PERSONAL PROJECTS

App Landing Page (07/2021 - 07/2021)

- This is a App Landing Page Which Describes More Information about the Mobile Application
- To develop (<https://fahadsaifi.github.io/web-dev/>) this App Landing page I have used HTML5, CSS3, Bootstrap4 And CSS3 Media Queries to make this website fully responsive on all devices

Food Delivery Website (08/2021 - 08/2021)

- It's a Restaurant Food Delivery website which is designed to place orders of customers.
- This Website (<https://fahadsaifi.github.io/food-delivery/>) is fully designed by using HTML5, CSS3 and Bootstrap 4 Grid system to make it fully responsive at all the devices. I also uses the AOS library and Owl carousel library to design this website.

Disney+ Hotstar Clone (06/2021 - 06/2021)

- it's a Disney+ Hotstar clone Designed by using HTML5 and CSS3 (<https://fahadsaifi.github.io/hotstar/>).
- I have used CSS3 flexbox layout and CSS3 Media queries to make this website fully responsive.
